SCHOLASTIC ACHIEVEMENT DOCUMENTARY

Academics, Athletics and the Arts

We create beautiful documentaries showcasing a student's unique skills as well as display their wonderful personality for admissions boards, coaches and deans.

A well made video supplement to a college application, that highlights a young adult's accomplishments, will help them stand out from other prospective students.

Commentary provided by current teachers, coaches and parents helps validate their achievements to college admissions boards.

In the past, video applicants were only common for art and design colleges, now they are a common supplement for more colleges everyday.

A Scholastic Achievement Documentary is the perfect gift for any loved one who wants to show their son or daughter how proud they are of their transition into adulthood.

WE WANT TO TELL YOUR STORY

The Scholastic Achievement Film Package Includes the Following:

- 1 Minute Introduction film that highlights the achievements, personality and directs the viewer to further film content.
- 5 or 3 Minute documentary that goes into depth of the student's achievements, which include testimonials from family, friends, teachers, and anyone who can speak on the young adult's potential for future success.
- Standard, Enhanced or Deluxe Highlight Video using highlights you provide or we can conduct our own performance / combine highlight film.

OUR PROCESS

1. **Initial Meeting:** an hour meeting to discuss the project goals
2. **Input Brief:** a short form to capture the young adult's story
3. **Scheduling:** we work with you to identify who, when and where to conduct the production.
4. **Production:** a 1 or 2 day shoot
5. **Delivery:** we present a rough cut for feedback before delivering the final product within 1 month of all footage.
